DOWNTOWN RIVERSIDE, CALIFORNIA

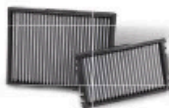

50 K&N 1969 YEARS 2019™

High-Flow
Air Filters™

Performance
Intake Systems*

Washable
Cabin Air Filters

Performance
Oil Filters

Since 1969, K&N filters have been **designed and manufactured right here in Riverside, CA**. Five decades later, K&N has become the global leader in washable air filtration for every style and level of performance from classic to modern horsepower.

Here's to the next 50 years!

* SOME INTAKES ARE NOT LEGAL FOR SALE OR USE ON MANY POLLUTION-CONTROLLED MOTOR VEHICLES IN CALIFORNIA. See knfilters.com for CAFD status on each part for the specific vehicle.

KNFILTERS.COM

Here is to another year,

at the 24th Show & Go, Car Show for Charity. Last year was insane with the amount of support that came out. Our show is about the cars, participants and spectators, all of whom come to appreciate the program, in the name of charity.

This show is so much more than just the cars as each dollar raised goes towards helping a philanthropy in our very own community. A lot goes into this show every year and we are so grateful to all of those who help in so many ways! We wouldn't be able to deliver such a great show without their support, this year we really want to thank the Old Farts Racing group for all their ongoing support. Please continue to support and patronize all our sponsors and vendors during the year.

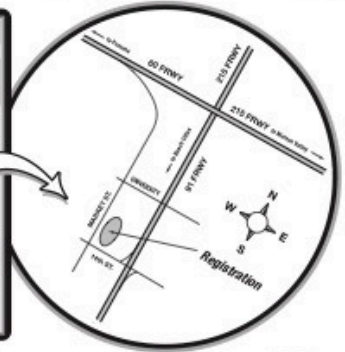

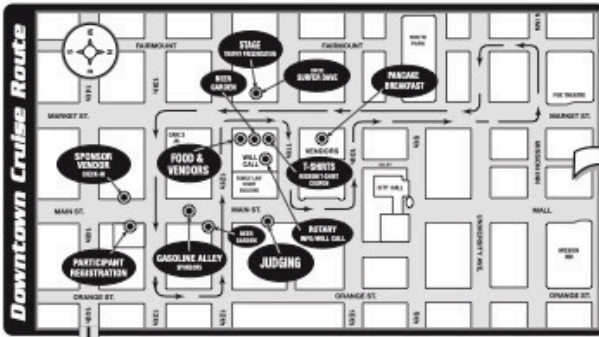

On behalf of the Riverside East Rotary Foundation and the Old Farts Racing Team of SoCal, we would like to thank you.

You are the reason for Show & Go's success.

Mark Godfrey & Finn Comer

Show and Go 2024

To 91 FWY ↓ **NOTE: All Sponsors, car participants, vendors & volunteers must enter at 14th and Main**

May 4th **SATURDAY**

- Registration: Main & 14th 7AM - 1PM

Participant Open Header Cruise	11am - 4pm	Cruise route
Trophy Notification	4pm	Main St. between 11th & 12th
Trophy Presentation & Raffle	5pm	Market & 12th

Letter from the President

Welcome to the 2024 Show and Go Car Show! The Riverside East Rotary Club is once again proud to partner with the Old Farts Racing Club to bring you the premiere car show in Inland Southern California.

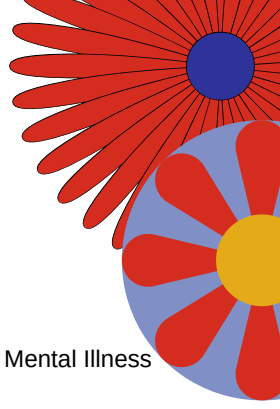

Whether you are joining us for the first time or if you are a Show and Go veteran, you will be glad you came! We know you came to experience the thrill of the cars – we showcase the best classic beauties in the region! Not only will you be able to wander and see the cars up close and personal, you will also have the unique experience of seeing many of them tour our closed-circuit loop. Your experience will be enhanced by the sounds and smells that only these vintage cars can offer.

Yes, you came for the cars but Show and Go offers much more. The Boy Scouts will be serving a delicious pancake breakfast. There will be a wide variety of vendors to tempt you. Howard's Appliance has generously donated two refrigerators that we will be raffling off to a lucky winner. And, be sure to visit our beer garden where we will feature beer from Carbon-Nation Brewing.

We greatly appreciate the on-going support of our sponsors and supporters, including those of you that joined us today. Special thanks to the Old Farts Racing Club for their partnership and to Finn Comer, the Riverside East Rotary Club Show and Go Chair who has worked tirelessly to make sure this is a successful and enjoyable event. And a big shout-out out to our many volunteers that support this event – we could not do it without you! And perhaps the best part - it is all for a great cause: All funds raised from Show and Go go right back to a variety of non-profit organizations that are doing wonderful things to support our community.

Thank you all for joining us. Have a great time at the 2024 Show and Go Car Show!

**Ken Gutierrez
Riverside East Rotary Board President 2023-24**

2024 Grand Marshall

What an honor to be chosen Grand Marshall for Show and Go 2024. After being trapped in a woman's body for 9 months, McPeak was at an early age right here in Riverside CA in 1943. Going to local schools Poly and RCC he was fascinated by art. He met the love of his life at RCC and was recognized as a man of distinction in the field of art award. He worked at a local sign shop for 8 years learning from the craft from Don Lloyd signs and that launched him into his next phase, self-employment and McPeak Pinstriping. Influenced by Von Dutch, Ed Roth, Dean Jeffries and others he was inspired to open his own shop at home, and that morphed into a career as a custom painter, pinstriper, lettering artist and master who influenced and employed many talented craftsmen. McPeaks work is exhibited in many car shows, Riverside Art Museum, Ecology Center and Pick a Part. The business put him in touch with many Movers & Shakers of the day by lettering and striping trucks, race cars, boats, motorcycles and dune buggies. Along with anything else people brought to him. Thanks to the van conversion shops and car dealers, fame followed and even more business allowing him to buy the building he was renting.

Back in 1957 McPeak was featured in Rod & Custom magazine with a model car he did. He was in 7th grade then. Many magazine articles followed his entire career. With his wife they raised 2 kids and has had homes in Newport Beach, Lake Arrowhead and here in Riverside. He has been able to travel to many of the states and many other countries which has been a life changing and fascination. McPeak was in the Air National Guard for 6 years and he has been inducted into the Route 66 Pinstripers Hall Of Fame along with Rubidoux High School's pinstriping Hall Of Fame. Life is good and thank you everyone for your generosity and support over a lifetime, cause without that nothing else could have been possible! Thank you all!! Mostly thank you Christine, my loving wife of 60 years.

About the Old Farts Racing Team

Welcome! To all new, as well as returning members of the Old Farts Racing Team. Our sole purpose is to have old fashioned Drag Racing fun! You do not need a car to have fun; come along with someone who is participating, be a spectator, or build your own car. "Meetings" are held on the second Tuesday of every month, 6pm, at the American Legion #79 - 2979 Dexter Dr. Fairmount Park, Riverside, Ca. 92501. We have no club Officers, What we call meetings are actually probably better defined as "bullshit sessions", for lack of a better term-

The Old Farts Racing Team (OFRT) was formed in April 1993 when longtime friends Ron Speer and Dave Barnekow got together and thought "You know, we should form a group who share our interests in Hot Rods and Drag racing..." The rest is history. It began as a loose-knit association, and has grown into a pivotal consortium involved in a number of worthy causes and charities.

We sponsor and/or are involved in a number of notable events each year in and around the Riverside, California vicinity. Most celebrated are Show & Go, OFRT Reunion, Mystery Tour, Evergreen Cemetery fundraiser, and our latest, Rebuilding the American Legion Post #79.

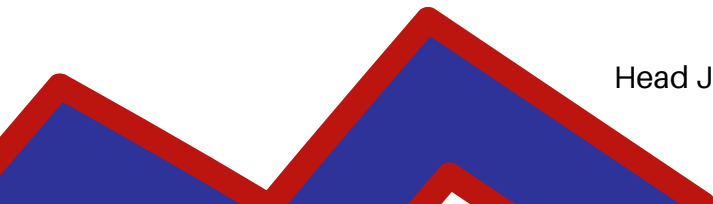

How the cars are judged

Each judge looks and scores only one part of the car, so when they pass by the car, they are concentrating only on that part of your car. Each judge puts a rating from 1-10 on his sheet for your car with a possible score of 60. These scores are then put into a computer and it will tell us who wins. The point spread for the Top 50 cars is usually within 15 points. We all build cars and appreciate the work and time you put into your car, but we have 3 hours to judge approximately 300 cars, so unfortunately we do not have the time to discuss your car. We thank you for bringing your car to the show and look forward to your return in the following years.

3 | WAYS TO BE WATERWISE & SAVE

Using water efficiently is ALWAYS important!

While storms over the past months have helped to replenish Riverside's groundwater supplies, year-round wise water use and conservation are always important. Outside watering in dry climates like ours in Southern California can be as high as 60% of your daily household water use. Riverside Public Utilities (RPU) is here to help with our water and money-saving rebate programs.

Reduce Waste

Weather-Based Irrigation Controller

These "smart" controllers adjust irrigation schedules based on weather changes and needs of the landscape. They can reduce outdoor water use by about 20% percent. Rebates start at \$80 for controllers for less than an acre of landscape and \$35 per station for properties with more than one acre of landscape.

Increase Knowledge

Landscape Training Workshop Series

Learn how to manage your soil, properly program your irrigation controller, troubleshoot your irrigation system, convert traditional irrigation to drip irrigation, and remove and replace your lawn with low water use plants. For upcoming dates, contact RPU at (951) 826-5311.

Replace Turf

Residential Turf Replacement Program

A typical household can reduce water usage by an estimated 60% by removing turf and converting your yard to water-efficient landscaping. Funding for the Residential Turf Replacement Program is supplemented by RPU above the base amount offered by Metropolitan Water District. The rebate amount has been increased to \$3 per sq. ft.
